Every Detail Matters

Stock is a workwear company with roots in fashion and an expertise in manufacturing. Since 2012, we've been designing and producing custom uniform programs for some of the best restaurants, bars, hotels and brands in the world.

Core Styles

Workwear staples with utility and sophistication.
No minimums, no lead times - always available online.

Clean and Classic

Nothing beats a white oxford shirt - the trick is doing it well. Our oxford service shirt is cut to be trim and flattering, and is crafted from a proprietary poly/cotton blend to better withstand the rigors of work. Pair it with one of our timeless aprons to complete the look.

Elevated

For a look that's sharp but still has a casual edge, look no further than our Unstructured Blazer. Equipped with a three-button notch lapel style with patch pockets and comprised of a blend of tightly woven cotton and just the right amount of stretch, it elevates while providing superior comfort and range of motion.

Refined Rustic

Year in and year out, our chambray buttondown is our best-selling shirt - for good reason.

Chambray can be dressed up or down, looking just as good under a blazer as it does with the sleeves rolled up. It's a workhorse of a fabric too - sturdy and reliable, with a soft handfeel to boot. Pair it with a waxed cotton apron for a heritage inspired look...or just about anything else.

Make It Modern

Our banded collar service shirt is cut from the same cloth as our button-down oxford. With the same sturdy fabric and flattering fit, the collarless style helps lend this a truly modern look. Pair it with a softer, textured waist apron like our heather green shorty to keep things clean.
